Subject: EPA Comments on MVP's Response and The Mitigation Framework
Attachments: EPA comments on MVP's Response and The Mitigation Framework.pdf

Good afternoon,
Nice to hear from you all during the FERC call today. Hope everyone is staying warm and safe.

EPA reviewed the response to comments and mitigation framework. Attached are additional comments to better understand those responses and documents.

We look forward to continuing to work with you as you continue to evaluate the project.
Kind regards,
Kat
